HORDER HEALTHCARE

OUTSTANDING CARE

Welcome to The Horder Centre

The Horder Centre is nationally recognised for its outstanding level of medical and surgical expertise, hospital facilities and environment, and exceptional patient care.

Nestled in the Ashdown Forest, our hospital is a centre of excellence specialising in orthopaedics and physiotherapy. The Care Quality Commission (CQC) rated The Horder Centre as “outstanding” in its latest inspection highlighting the effective, caring and responsive services. Our priority is ensuring our patients lead the healthiest lives they possibly can. Our highly trained clinical team work alongside some of the country’s best surgeons, who are all working for your benefit.

We treat private patients aged 18 years and over for surgery, adults and children aged 16 years and over for non-interventional physiotherapy, and we can provide X-ray diagnostic services to patients aged 12 years and over.

For further details on these services please visit hordercentre.co.uk

IS PRIVATE HEALTHCARE RIGHT FOR YOU?

If you do not want to wait for your procedure, want to schedule treatment for when you are ready, or require treatments not available on the NHS, then private healthcare is right for you. Our dedicated private service allows patients to enjoy flexible appointment times with treatment typically within six to eight weeks, in a specialist therapeutic environment.

In addition, as a private patient you will also enjoy an enhanced level of service to make your experience more comfortable. Our dedicated team will pay attention to the smallest details of your care, which can make the world of difference to your recovery.

ACCESSING OUR PRIVATE HEALTHCARE

Funding Your Private Healthcare

Our private healthcare can be accessed on either an insured basis or as a self-pay patient.

Insured Patients

If you have private medical insurance and want to choose The Horder Centre for your treatment, check with your insurer to confirm that you are covered for your treatment as well as any outpatient appointments and tests that may be required. We are recognised by the majority of medical insurance companies.

Self-Pay Patients

Patients can self-pay which means paying for their own procedures and services themselves, following an initial consultation. You will get a tailored, inclusive price for treatment based on your condition. Initial consultation and pre-op diagnostics are not included in the treatment package price.

If you would like to access our private healthcare on a self-pay basis, we offer a finance option which can help make the cost of your treatment more affordable.

Self-paying patients at Horder Healthcare are now able to take out loans that cover all fees, including the consultant, anaesthetist and hospital fees. The loan products include interest-free options up to 12 months, and interest-bearing loans repayable in up to 60 months. Subject to approval. For more information including loan rates please contact our Private Patient Team on **01892 620931**.

Do I Need a GP Referral?

In order to make an appointment to consult a specialist it is best practice to obtain a GP Referral. Once your referral arrives, you will be able to book an appointment with the consultant of your choice at a time that's convenient to you.

What Do I Need To Do if I Have Private Health Insurance?

If you have private medical insurance then you should also advise your GP that you will be going through your private health insurer and would like to choose Horder Healthcare for your private treatment.

You will need to confirm that you have the appropriate cover for the treatment you require with your insurance provider at each stage of treatment including the initial outpatient appointment. They will provide you with an authorisation number which you will need to provide to us before any treatment can take place.

Can I Self-Refer?

Yes, if you are self-paying and are not using medical insurance, you may self-refer for some services. To discuss whether the service you require is eligible for self-referral please contact the Private Patient Team on 01892 620931.

How Long Will My Cover Last?

As a self-pay patient your care does not stop once you have left the hospital. You can expect up to 120 days of guaranteed cover should you need further treatment related to your surgery or further advice on your condition.

OUR PROMISE TO YOU

With a highly therapeutic approach to patient experience and as a specialist provider, we are experts at understanding patient care and recovery within the orthopaedic and musculoskeletal field.

We excel at patient care and our standards of service are reflected in patient feedback. With dedicated and compassionate nursing and clinical teams supporting you through every aspect of your treatment programme, keeping you continually informed of your progress and answering any queries you may have, you can expect the very best outcome from your procedure.

Whether you are insured or self-paying, you will receive:

a bespoke service where your care needs are met, including a dedicated private patient team who will facilitate and customise your stay;

- appointment dates and times that fit in with your personal requirements and lifestyle, with no hidden costs;
- clinical expertise available to you 24 hours a day, 7 days a week for your wellbeing;
- continuity of care up to and including 120 days following your surgery.
- In addition, private patients can expect a range of complimentary services including toiletries and an exclusive guest menu. Meals are freshly prepared by our team of chefs who can cater to all your dietary requirements using locally sourced seasonal ingredients.

Should our inpatients require treatment exceeding our on-site capabilities, we have established protocols with our local NHS partners to ensure a seamless continuation of their care.

“The care, dedication and compassion and especially the laughter, made my stay so very special.” Y Vinall
